EDVENTIX

School planning checklist

1. Define your educational need

Record learner groups, learning aims, accessibility needs and how you will evaluate the project. Do not include children's names or sensitive information.

2. Review funding conditions

Check the official funder's geography, applicant types, permitted costs, deadlines and required evidence. Schools must verify their own eligibility. No Edventix-specific grant or funding eligibility has been confirmed.

3. Prepare your school conversation

Summarise your school's interests, learner needs, preferred format and questions. Ask Edventix to confirm suitability, availability, arrangements and costs before making commitments.

4. Follow school approval processes

Confirm internal approvals, procurement requirements and permitted spending. An enquiry does not confirm a trial, partnership or funding.

Official starting points

UK Government: www.find-government-grants.service.gov.uk
